

Markey endorses DePrizio

To the editor:

I am writing in support of Kate DePrizio for School Committee. Kate and I first met a year ago when she co-chaired the Lynnfield Together We Grow Elementary School Addition Campaign.

I quickly learned how caring, dedicated, and compassionate she is. While Kate has many qualities that will make her an outstanding School Committee member, there are two in particular I admire most.

First, she is an extremely creative problem solver. Kate sees possibilities and has ideas that are truly unique and effective. Whether it be in her leadership roles with Lynnfield's Par-

ent-Teacher Organizations or coaching cheer during the pandemic, she is dedicated to finding and implementing solutions for Lynnfield's children.

Another shining quality of Kate is her commitment to every mission she takes on, rolling with punches that would leave most people down and out. Kate perseveres with a genuine smile and grace, dedicating herself selflessly to Lynnfield's schools, students, and families.

I will proudly vote for Kate DePrizio for School Committee because I know she will make a positive impact on our schools, benefiting all of Lynnfield.
